"With every word—operation" strikes terror to a woman's

Everywhere these operations become necessary

they are very painful, or too frequent and excessive.

It is a common disease and

it is a trouble to all women and you a

great deal of pain and may mean

the loss of life.

Miss J. G. Gandy, Sheridanville, Pa., writes: "DEAR Mrs. Proctor—I had suffered for several years with female troubles and dictated until I was discouraged. I felt irritated and tired of living. I had disease of kidneys, bladder trouble, dropsy and bleeding; had womb trouble and a large tumor had formed; in fact all my organs were out of fix."

"Seeing a man's letter praising your remedies, I wrote to her and she begged of me to try it, telling me all that it had done for her. I bought six bottles of Lydia E. Pinkham's Vegetable Compound and now cannot express my gratitude to you. The tumor began to come away in pieces and I got better all the time. I believe now that I am entirely cured."

"My doctors could not believe it at first, as they all had told me that my case was a hopeless one, and no human power could do me any good. They were astounded. If I can say anything that can help other women, I shall be glad."

"It is not safe to wait until the last moment. Head off trouble by prompt attention to it. Pinkham's addition."

WOMEN AVOID OPERATIONS
